

THE LABORATORY SPECIALIST

ALPHA LAB THE LABORATORY SPECIALIST

ALPHA LAB is specialized in the marketing of scientific instrumentation, the design and the development of labs.

We propose complete turnkey solutions. We translate your requirements into a project plan from initial layout to installation and staff training, control and maintenance.

Partners of the biggest manufacturers leaders in the world of laboratory, we provide you a complete range of materials, consumables, reagents and laboratory furniture.

Our team specialist of the international proposes you an effective service and a big ability to react to answer your expectations and satisfy best all your needs.

OUR SERVICES

- ▶ Documentation and consultancy
- ▶ Complete turnkey solutions
- ▶ FOB, CIF, CIP, ... deliveries worldwide
- ▶ Installation, Training, Maintenance and Control

OUR FIELDS OF ACTIVITY

We work for laboratories in :

- ▶ Basic and applied research laboratories
- ▶ Biomedical laboratories analysis
- ▶ Biotechnologies
- ▶ Education : high schools and universities
- ▶ Environment
- ▶ Pharmaceutical, Chemical and Agri-Food industries

60, Chemin de la Grasilho
30220 Saint Laurent d'Aigouze France

REAGENTS

Molecular Biology Reagents :

Buffer and reagents
dNTPs, NTPs & modified Nucleotides
Electrophoresis products
Master Mixes
Molecular Cloning products
Nucleic acid isolation and purification kits
Oligo and probes synthesis
PCR and qPCR Enzymes
PCR and qPCR products
Plastics consumables
Probes Master Mixes
Restriction and modifying enzymes
Reverse transcription products
Sequencing products

Microbiology reagents :

Antibiogrammes
Boites de pétri et lames gélosées
Milieux de culture et suppléments
Milieux en flacons et en tubes

SCIENTIFIC INSTRUMENTATION

Autoclave/Sterilizer
Balance
Bath
Centrifuge
Chloruremeter
Chromatography
Colony Counter
Colorimeter
Controllable Heating Mantle
Cryogenics
Dessicator
Depletion/Respiration Measurement
BOD Measurements
Dispensers
Electrochemical Analysis
Electrophoresis
Filtration
Flame photometer
Flocculator
Fridge / Freezer
Fume Hoods
Furnace Muffle
Homogenizer/Dispensing
Hot Plates
Hygrometer
Imaging system
Laboratory Furniture
Laboratory Glassware Cleaning Machine
Laboratory Water Systems
Microbiological Safety Cabinet
Microplate Washer
Microplate Reader
Microscope
Microtome
Mineralisator
Ovens/Incubator
Physic Measurement
Pipettor
Power Supply for electrophoresis
Pump
Refractometer
Reverse Osmose Water System
Rotary Evaporator
Safety Cabinet or Safe Store cabinet
Spectrophotometer
Stirrers
Thermal Cycler PCR
Thermometer
Titrator
Transilluminator
Turbidity Meter
Ultrapure Water Systems
Viscosimeter

CONSUMABLE, GLASSWARE AND PLASTIC

Autoclave Bag
Beakers
Bottles
Box
Burettes
Centrifuge Tubes
Chromatography Column
Cryogenic Tubes
Chronometer
Conical Measures
Cuvettes
Cylinders
Disposable Plastic Culture Tubes
Dessicator
Dissection
Erlenmeyer Flask
Filters
Forceps
Funnels
Gloves
Graduated Pipettes
Hygiene and protection
Kjeldahl Apparatus
Magnetic Stirring bars
Membranes
Microcentrifuge Tube
Microplate
Mortas and Pestle
Parafilm Roll
Pasteur Pipettes
PCR Adhesive seals
PCR Microtubes
PCR Plates
Petri Dishes
Pipettes
Racks
Safety Box
Slides
Stirrer
Swabs
Taps
Test tubes
Timers
Tips and Filter Tips
Tissue Culture Dishes and Flask
Trays
Tubes
Wash Bottles
Volumetric Flask

CONTROL AND MAINTENANCE

Autoclaves
Balances
Bath
Centrifuges
Climate chambers
Freezers -20°C and -40°C
ULT Freezers - 80°C et -150°C
Incubators
Laminar flow cabinets
Ovens
Microbiological safety cabinets
Micropipettes
Microscopes
PCR and qPCR
Refrigerators

PARTNER BRANDS
